EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen A. Soften on June 7, 2007.

The application has been amended as follows:

- a. Claim 1, line 5, the limitation "worm gear (6)" has been changed to --worm gear housing (6)--.
- b. Claim 1, line 8, the limitation "worm gear (6)" has been changed to --worm gear housing (6)--.
- c. Claim 1, line 11, after "360°" examiner has inserted "in the extension plan".
- d. Claim 2, line 2, the limitation "worm gear (6)" has been changed to --worm gear housing (6)--.
- e. Claim 3, line 2, the limitation "worm gear (6)" has been changed to --worm gear housing (6)--.
- f. Claim 4, last line, the limitation "can locked" has been changed to --can be locked--.
- g. Claim 5, line 4, the limitation "the gear housing" has been changed to --a gear housing--.

h. Claim 5, line 8, the limitation "the bores" has been changed to --bores--.

The following is an examiner's statement of reasons for allowance: The prior art teaches a screw device having means for adjusting a position of a motor, but does not teach a worm gear housing having a throat formation for adjusting the motor through 360 degrees in a plane that extends parallel to the piston tube. For example, the US Patent 5,901,610 teaches an actuator having means for adjusting a position of the motor. Accordingly, the claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to William C. Joyce whose telephone number is (571) 272-7107. The examiner can normally be reached on Monday - Thursday 7:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Ridley can be reached on (571) 272-6917. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
